Mr. Abe Manley

Dear Friend Abe;

The Negro Southern League still has in mind playing the winners of the first half which it seems will be your team.

We closed the schedule July 4th, and we are very anxious to complete our plans for this attraction we would like to have an All-Star picked Negro Southern League and play your team two games, one in Newark, New Jersey another in Atlanta Ga. We are using the same plans when we play the winner of the American League this year.

Let me have an immediate answer as I will have to make plans for the attraction. I am sure we will make lots of money.

Sincerely

R. B. Jackson
